Planter's Peanut Oil. See the best cooks use it. They know it helps them cook better 4 ways.

1. Planter's Peanut Oil is the lightest oil available — it actually floats on all other oils!
2. Planter's Peanut Oil heats up to 400 degrees without smoking — it cooks food faster, seals in flavour, never penetrates.
3. Planter's Peanut Oil has almost no flavour of its own — so it's ideal for things like sauces and dressings.
4. Planter's Peanut Oil is economical — because it doesn't take on the flavour of any food, the same cup of oil can be used in frying many times over.

The truth is simply, that peanut oil is one of the secrets of good cooking. If you've never tried Planter's Peanut Oil, do. And you'll wonder how you ever did without it.

INTRODUCTORY

The 1970 volume is the 21st edition of the Chinese Directory of Saskatchewan province. The work embodies a resume of the commercial, industrial and social interests and activities of the community. It is a functional directory in all its parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues.

ALPHABETICAL LISTING

All Chinese firms are grouped according to classification and wherever possible the name or names of the owner of each business firm is supplied. The second section consists of an alphabetical listing of all Chinese citizens in the area concerned.

POPULATION

The total Chinese population in Saskatchewan is in excess of 11,000. This estimate of population is based on the actual number of individual names in the alphabetical section of this directory, with due allowance for women and children whose names are not listed. As in other major Canadian localities, the Saskatchewan Chinese population is increasing yearly due to the normal birth rate among second and third generation families and the arrival of immigrants from Hong Kong and South East Asia.

ACCURACY AND RESULTS

An important function of this directory is to set forth the characteristics and advantages of the area to the Chinese people, as a place of residence, as an industrial site. The directory acts as a mirror, reflecting all that is noteworthy of this province. In order to spread this information the publishers have placed copies of this directory in all public libraries of major Canadian cities so they may be readily available for reference use by the public. There they serve as perpetual information on the Chinese community as it really is. The publishers take this opportunity of thanking the citizens for all the valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business associates. Also the public spirited and progressive business and professional men for their support given in the way of patronage.

HISTORY OF CHINESE IN CANADA

No man knows the year, or even the century, in which the first Chinese foot left its imprint on the western shore of the land that has become the freedom-proud Dominion of Canada

But eminent historical minds have placed the date of the first visit from China at somewhere in the dark ages of western civilization. One of them, B. A. McKelvie, past president of the B. C. Historical Association (Victoria branch) avers there is evidence the slant-eyed stranger made his call 1,000 years before Columbus dropped an anchor on the other side of the continent.

In China, 150 years ago, a Roman Catholic Priest uncovered already ancient archives that recorded many Chinese voyages to the west coast of the North American continent and that named this province as part of Ta Han (Great China).

The first attempt by a Chinese community to exist in British Columbia originated without the band's consent and ended in the uncertain fate of slavery. A certain Captain Mearse, commanding a British man-of-war, brought a boat load of them to Gold River Valley on the west coast of Vancouver Island, and then sailed off on further commendable naval business. There is nothing to show that the Captain ever sailed into that harbour again but there are traces that show the settlement actually sank its roots in an attempt to survive. The records show too, that these roots suffered eventual complete disruption. It is believed that Spanish ships became aware of the existence of the Chinese community, sailed in and took every member into slavery in their mines in Mexico.

This story has nothing to do with the present day Chinese Canadians and almost nothing to do

with the country that is now their home. It is just a pointless little tragedy that is difficult to ignore.

After their disappearance there were no Chinese here for 60 years. When they came again the year was 1858 and they were victims of the California Gold Rush Fever. Many thousands were living in California by this time. But only a few men, some with their families, came questing the yellow magic as far north as the valleys of the Fraser and the Thompson.

Five years later, members of this tiny hardy band took part for the first time in the occidental's hard-won right to choose, from among the people, the men to rule the people. It was British Columbia's first election, held two years after Confederation. The Chinese votes were cast in the town of Lillooet.

For 49 years, Chinese names were on the electoral lists. The lists defined them as 'aliens' but their votes were as highly prized by the successful candidates as any other citizens'.

In the rip-roaring '80s, the demands of the Onderdonk construction had the boats from China's ports debarking the sons of China in thousands. Before the first train from Montreal chuffed triumphantly into Port Moody, 15,000 Chinese were a part of the force making a transcontinental dream come true. They were a potential force, too, in any election of the day. That they exercised their franchise is emphasized in records of the 19th century elections wherein returning officers are stated to have witnessed, as acceptable oaths, the breaking of bowls of rice by groups of the Chinese at the polls.

In the elections of 1894, the Chinese voters broke their bowls and spilled their rice to no avail. The government of '94 included amongst its legislation: "Chinamen of the Province of British Columbia may not make application to have their names inserted in any list of voters and are disqualified from voting at any election". Forgotten were the words of Sir John A. MacDonald who once told the House of Commons, "without their help there is no saying when the Canadian Pacific Railway and the mines of the west would have been developed".

Perhaps denial of the right to vote came as no surprise to these patient men of 73 years ago. Their fortunes had been on the ebb for three decades.

The proud little train that completed the first Dominion run pushed another milestone into the history of the Chinese in Canada. The majority of them were suddenly w i t h o u t employment and without the income they had known since their arrival. Few of them wished to return to crowded China and its struggle for existence. They preferred the fierce frontier turbulence because of the generous rewards that sometimes went with it. In their quest for new livelihoods, some of them even

tried placer mining in the Cariboo. But it was not long before the Chinese found they could not always get their living where they were inclined to seek it.

The violent surgery that saved the life of the United States of America left an infection of racial prejudice that attacked not only the black units in its young being, but also the yellow, the red and the brown. First evidences of the spreading infection came when American mining camps began to display signs restricting Chinese from holding or seeking mining claims After a bloody night in Red Springs, Wyoming, when 28 Chinese were murdered and hundreds driven from the town's Chinatown, it became a condition that screamed for treatment. Only six years had passed since the Union and Confederate states had laid down the arms they bore against each other when the Los Angeles 'masacre' claimed 22 Chinese lives and left many others wounded in varying degree. All along the Pacific coast the cry was 'Down with the Chinese'.

It came over the 49th parallel without rousing the same number of murderous instincts. But it was strong enough to bring at least one mob out in Vancouver. On one street, every Chinese store was damaged. The mob's insane progress was arrested when a s t r o n g band of Oriental Canadians drove them off with clubs, knives, bottles and guns. Canada never had to face the death lists that America once mourned over. And this one exhibition of violence in Vancouver so shocked the Canadian sense of justice that the Chinese appeal to Ottawa brought them redress to the extent of — $100,000.00.

For half a century, literate Chinese of this continent were aware that opinions of a majority of occidental countrymen on the Chinese might run anywhere from the impression left by a perusal of Sax Rohmer's 'Fu Manchu' to the characterization to be gained from the pages of 'Charlie Chan'. The occidental merchants, policemen and doctors, who knew the residents of Chinatown for their true worth, were all too few.

After the violence at the turn of the century, the Chinese could only remain in Chinatown and wait. Employment was largely limited to domestic service, laundry, restaurant work and market gardening. In this last field, their patient industry gradually made them indispensable. Their farms began to dot B. C.'s fertile valleys and in a few years the province was dependent on their produce.

The receding tide slowed and finally turned. Successive generations of Chinese students in the schools of the province erased the legend on the Yellow Peril. Eminent Chinese minds began to appear in the professional ranks of Canada. Chinese athletes took their places and many honours on Canadian sports fields and finally, Chinese sailors, soldiers and airmen took their places in the Canadian service ranks and tasted of the victory that ensured the freedom of their country.

THE SYMBOLIC CYCLE OF YEARS

The twelve animals which represent the birth signs of the Oriental Zodiac played an important part in ancient Chinese life. These are the rat, ox, tiger, hare, dragon, snake, horse, sheep, monkey, cock, dog and boar.

This year, 1970, is the year 4668 on the Chinese lunar calendar and is represented by the symbol of the dog. Hence it is traditionally called 'Keng Hsu Nien'. Keng means a public road as a noun and as a verb to restore or to change. Hsu is the name of the dog in in the 60 year cycle and Nien is the character for year.

As interpreted by some mystics this Keng Hsu Nien or the Year of the Dog, is to be a year of dynamic change all over the globe. It is to be a Year of the people, in which the poor continue to suffer from travail, ignorance and disease, while the well-to-do, in their game of life, fumble, blunder and even lose happiness they seek. But it is to be a year of softening discord and hard hard-heartedness; of restoration of mental health and of development of new ideas in the fields of science, tehhnology, education, art, religion, etc. Furthermore it will be a year for the awakened to double their efforts in tackling problems of common concern. The opportunity to lend and receive a word of encouragement will be theirs to grasp and enjoy everyday throughout the year.

It maybe fitting to relate the story of the Great Father and Dog as told by the ancient Apache Indian chief to his tribesmen at the start of each new year.

In the beginning there were only the Great Father and the Dog. As Great Father created the earth, the river and trees, Dog worked happily by his side. When told by Great Father that he would some day leave Dog to live far away, Dog pleaded for a companion. Great Father molded into being a human form. He made it walk, talk and also to laugh. Dog jumped with joy, for now he had a companion. When the day came, Great Father departed with his message, 'Live in peace and happiness. Take care of each other.'

CHINESE FESTIVALS

No people in the world enjoy celebrations more than the Chinese. During the year they have many-all have a special significance and all are celebrated in the grand manner. The Chinese can, on certain occasions, be a very noisy people, shouting, cheering, rushing hither, shooting off firecrackers, sky-rockets and Roman candles; but with it all they never become excited or rude to the point where they forget respect and consideration for those about them.

The Chinese have many festivals. Most are connected with the seasons, but some are occasions for paying respect and reverence to ancestors.

NEW YEAR

New Year is the greatest of all the Chinese celebrations. It is the time for great rejoicing, with a world filled with happiness and promise. Debts are paid before the New Year, leaving everyone free for mirth and happiness in a carefree manner.

Houses are newly painted, draped and decorated with bunting to hail the occasion. Walls are washed, floors scoured and furniture varnished. As a part of the celebration, children get new clothes; receive presents and books. On New Year everybody dons his Sunday best. Many of the fashionable young ladies take pride in showing off the latest gowns with a native Chinese effect.

The most important ritual takes place on New Year's Eve when sweets, fruits, flowers and choicest foods are blessed and offered before the portraits of ancestors. When the ceremonial hour arrives the head of the family lights red candles and burns incense. Tea is offered to the spirits of deceased loved ones, and members of the family according to seniority, bow before the portraits of the departed.

Dinner on New Year's Eve is the most sumptuous of the year. Foods take on fanci-

ful and exotic names. An egg becomes a 'silver ingot', taros become 'fortunes', and rice cakes signify 'progress and advance'.

The entire family congregates gaily around the table, drinking toasts and telling jokes. Gifts are exchanged. Parents wrap silver dollars or bank notes in red paper and place them under the children's pillows.

Chinese greet each other on New Year's Day with the expression 'Gung hay fat Choy', equivalent to 'Happy New Year along with prosperity'. So tourists visiting Chinatown on New Year also may greet their Chinese cousins with a hearty 'Gung hay fat Choy'. Very often state and city officials visit Chinatown to congratulate local leaders and wish happiness and prosperity to all the people.

During the New Year celebration, Chinatown is a roar of firecrackers, the sky lighted by thousands of rockets and Roman candles. The dragon and lion dances, the big parade, the colorful Chinese beauty contest and the fashion show make the event the best time to visit Chinatown. Determined by the rotation of the moon, the Chinese New Year comes in late January or early February. Visit Chinatown on its day of days Chinese New Year. In anticipation of your visit, Chinatown residents greet you with a hearty 'Gung hay fat choy'.

CHING MING

Another highly celebrated festival is called 'Ching Ming', or the Festival of the Tombs. This event comes toward the end of the second month in the Chinese calendar, the time when the Chinese greet the spring. The festival is universally observed, and while it is a time for pleasure and picnicking, it is also the time when reverence and honor is paid to the departed spirits. On that day graves are put in order. Each family presents an offering before the tablets adorning the graves of its dearly departed. Flowers and wreaths are laid on them as a mark of remembrance. These practices, observed since 700 B.C., can be compared with those of Memorial Day. Ching Ming is celebrated around early April.

MOON FESTIVAL

This important festival, falling on the fifteenth day of the eighth month of the Chinese calendar, is celebrated and revered by every Chinese community. Falling in September, it could be called the Harvest Home, or gathering of the fruits, vegetables and plants for winter storage.

Friends gather around a table of the harvest consisting of moon cakes, candy water chestnuts and wine. For the children it is a day of happiness and promise, for the moon goddess is supposed to come down from heaven to give all mortals, especially the children, their desires.

Old romantic fables are related, woven around the fabulously charming Moon Lady, Chang Ngo, wife of an alchemist, who labored for years to make three pills which could preserve life and transform humans into divinities. During this Mid-Autumn Festival she found and swallowed the pills.

Fleeing the house to escape her husband's wrath, she found herself being transported into the clouds. She landed in moonland before the Palace of Crystal where she was crowned Lady of the Moon.

DOUBLE TEN

Double Ten is Chinese National Day. It is the patriotic occasion similar to the American Fourth of July (Independence Day). It gets its name because it falls on the tenth day of the tenth month. It is the anniversary celebration of the founding of the Chinese Republic.

The Republic was created in 1911 by the beloved patriot, Dr. Sun Yat-Sen and his fellow revolutionaries who, after a long struggle, overthrew the ruling Manchu Dynasty. Now, in spite of the fact that China is under Communist rule, Chinese in all parts of the world dedicate the occasion to the honor and respect of Dr. Sun Yat-Sen, who was also the first president of the Chinese Republic - the Chinese George Washington.

旅加華僑歷史考

中國人在某年某月或某個世紀開始涉足於加拿大，追之中國歷史，似乎沒有痕跡存在足資稽考，不過有些頗負有盛譽的歷史專家則認爲當西方文明尚屬原始的時代，已有中國人的踪跡出現於北美新大陸。有位大學教授麥儒章先生，且斷言謂哥倫布尚未發現新大陸的一千年前，已有黃種人流浪到過這地來。

一百五十年前，有位傳道士亦謂彼在中國傳道時，曾發現過中國人經常駕舟到北美的新大陸去，有紀錄遺留下來，根據該項紀錄，中國人當時尚把本省劃入大漠（中國）的版圖。

首批中國人當初在卑詩省建立華僑社會時，因衣得到土著的垂青，後來卒被淪爲奴隸。據史載當時有位名叫密斯的英國艦主，他曾在中國載了一批華人到這地來，把他們安置在大陸西岸的金河流域上，自己便溜之大吉，去別尋生路，這位船主後來有沒有舊地重來的行動，則沒有跡象可資証實，這首批中國人被放逐到這地後，爲了生存問題，曾竭力謀在本境建立新社會，這回則有事實的根據，不過他們的努力終於落空，據說當時僑居墨西古的西班牙人，在探悉本地有華僑的足跡後，便派了大批艦隊到這地來把這批華僑全部擄去，以充他們的奴隸。上述的一段歷史，本來與目前僑居加境的華僑完全無關，不過事出有因，既非大話西遊，而是華僑先烈披荆斬棘的一段悲愴歷史，故不能不順帶提及來談談吧。
